### L i nguy n g c ti ng Anh:

When I see those dire pictures  
I can cry just in dismay  
for courage and the strenght you need  
for help and hope I pray

Many faces marked by sorrow  
but many people are aware  
they all band together  
yes we are here to share

There's always someone left for us  
something worth to fight it out  
bear up and you'll live to see  
magic moments without doubt

Life and earth are nature  
so rich and so pure  
how often it looks cruel  
but we are happy to endure

## Be strong, Japan! (Kiên cōng lên, nōc Nhōt!)

When some major things are lost  
we are nerveless and alone  
but you are not the only one

When it's time to say goodbye  
we stand together and back you up  
you are not alone

When I see those dire pictures  
I can cry just in dismay  
for courage and the strenght you need  
for help and hope I pray

Now it's tough times you're going through  
but you keep your spirits up  
we all count our blessings  
we don't give you up

When some major things are lost  
we are nerveless and alone  
but you are not the only one

When it's time to say goodbye  
we stand together and back you up  
you are not alone

Million thoughts are with you  
while someone's singing this song  
you are not alone
